

FEDERAL SUPPLY CLASS (FSC) ASSIGNMENTS TO DLA/GSA FOR INTEGRATED MANAGEMENT

Each item in the Federal Supply System is assigned to a specific Source of Supply (SOS) for management. The following FSCs indicate that either DLA or GSA has been designated as the integrated materiel manager at the wholesale level for one or more consumable items of supply in the FSC. Source of supply must be determined for individual NSNs to route MILSTRIP/FEDSTRIP documents or obtain information on that specific item. Source of supply is contained in the Consolidated Management Data List (ML-C Basic) available through your service/agency publication point. Telephone numbers for the sources of supply are provided at Part I of this handbook. Note: Implementation of BRAC 95 recommendations, which began in February 1996, will result in FSC reassignments within the Defense Logistics Agency. Those FSCs moving during fiscal year 1999 are annotated with estimated dates of transfer from the Losing Item Manager (LIM) to the Gaining Item Manager (GIM).
